Uninstall Using Control Panel

Another alternative described here for software uninstall is through Windows Control Panel which holds and maintains all system settings. This alternative is described here just for sake of completeness. You can easily skip this step if done with prior uninstall process.

- ✓ Click **Start** and look for Control Panel in start menu appears before you. Find **Add and Remove Programs** within Control Panel. Add and Remove Program generates comprehensive listing of all binaries presently installed on Windows. Find out **PST Viewer** and double click on it to start with its uninstall procedures.
- ✓ Software prompts you either you like to remove **PST Viewer** and all of its related components. Go for **Yes**.
- ✓ Click **OK** to message describing successful uninstall of **PST Viewer**.
